

RECORD APPLICATION FOR EUROPEAN MASTERS RECORDS

European Masters Records are recognised for men and women in 50 metre and 25 metre courses in accordance with LEN General Event Rules E 5.

In relays all members of a team must be from the same club.

European Masters Records can only be established in Masters meets sanctioned by Members of LEN or FINA.

The length of each lane of the course must be certified by a surveyor or other qualified official appointed or approved by the National Swimming Federation.

European Masters Records will be accepted only when times are reported by Automatic Officiating Equipment, or Semi Automatic Officiating Equipment, or Manual Timing taken by three appointed timekeepers. The timing shall be registered by 1/100 of a second.

Times which are equal to 1/100 of a second will be recognised as equal records and swimmers achieving these equal times will be joint holders. Only the time of the winner of a race may be submitted for a European Masters Record. In the event of a tie in a record setting race, each swimmer who tied shall be considered a winner.

The first swimmer in a relay may apply for a European Masters Record. Should the first swimmer in a relay team complete his distance in a record time in accordance with the provisions of this subsection, his performance shall not be nullified by any subsequent disqualification of his relay team for violation occurring after his distance has been completed.

Applications for European Masters Records must be made on a LEN Official Application Form by the responsible authority of the organising or management committee of the competition and signed by an authorised representative of the relevant Swimming Federation.

The application shall be forwarded to the appointed LEN Masters Recorder within thirty (30) days after the performance has been achieved.

No fax or e-mail applications will be accepted.

All European Masters Records made during the FINA World Masters Championships and LEN European Masters Championships will be automatically approved.

The updated lists of European Masters Records are published at the end of every month on the LEN web site: www.len.eu
